How to Raise a Reader by Pamela Paul and Maria Russo

- Read out loud, every day. Research has shown that the number of words an infant is exposed to has a direct impact on language development and literacy. The language has to be live, in person and directed at the child. Television and audio books don't count!
- Babies that are read to are learning that reading is fun and can involve all the senses. Learn more at www.nytimes.com/guides/books.

Our Advisory Council met on August 15th. The Council reviewed the 2017-2018 Parent Survey results. The St. Paul Early Learning Center Annual Golf Tournament is September 14th. We have 4 teams signed up so far. We have collected about 25 prizes. The Finances look good. We have 106 children. We reviewed the quote for new floors for the PreK4&5 room and the office. Our next meeting is September 19th.
