Welcome Letter

Dear Parents,

Welcome to St. Paul Early Learning Center! In choosing St. Paul Early Learning Center, you have demonstrated a commitment to the values and philosophy of a Catholic education. This same commitment is anticipated as you enter a partnership with St. Paul Early Learning Center.

St. Paul Early Learning Center Parent Handbook reflects the policies of St. Paul Early Learning Center for the 2023-2024 school year. Please read this document carefully and sign the agreement on FACTS. This agreement states you intend to abide by the policies of St. Paul Early Learning Center during the **2023-2024** school year. Failure to uphold this agreement may result in your child's termination from the school.

The faculty and staff of St. Paul look forward to working with you to promote the growth and development of your child and to create a positive school experience.

Together let us ask God's blessing as we work together to teach our children and help them reach their potential, and for His ongoing protection.

Sincerely,

Jennifer Henry, Director

Diocesan Office of Catholic Education Mission Statement

The Diocese of Jackson Office of Catholic Education supports and sustains learning its communities to foster disciples who pursue academic excellence in a Christ-centered environment.

General Information

Philosophy and Goals

Catholic Education is an expression of the mission entrusted by Jesus to his Church and is concerned with the spiritual, intellectual, social, emotional, aesthetic, and physical growth of each child. The goal of St. Paul Early Learning Center is to encourage and support each child to reach his/her potential in a multifaceted society.

Center Mission Statement

Christ-centered. Quality care. Early education for the whole child.

Center History

St. Paul Early Learning Center opened its doors in 1990 and is a ministry of St. Paul Catholic Church and a part of the Diocese of Jackson.

Accreditation/Licensing

St. Paul Early Learning Center is accredited by Cognia (formerly AdvancED) a research-based, international educational accrediting agency focused on school improvement through student and stakeholder engagement.

St. Paul Early Learning Center is licensed by the Mississippi Department of Health

Parental Cooperation Policy (Diocesan Policy 5111)

As the primary educators of their children, parents/guardians freely make the choice of a Catholic education for their sons/daughters. Registration in a particular Catholic school/center is an agreement by the parent/guardian to accept and abide by the rules and regulations of the institution and to support its philosophy of education.

A cooperative relationship between the school/center personnel and a parent/guardian is essential for the overall education of a student. It is critical that a cooperative relationship be maintained through constructive dialogue with the parent/guardian.

If a parent/guardian refuses to abide by the rules and regulations of the school/center or by word or action is unsupportive of its goals or otherwise fails to meet his/her obligations under school/center or Diocesan policies, the administrator may require the parent/guardian to withdraw his/her child or children from the school community.

Additionally, parents/guardians will be held to the same standards of respect as students are in regard to their interactions with administrators, teachers, staff, and students.

Parents Role in Education

We, at St. Paul Early Learning Center, consider it a privilege to work with parents in the education of children because we believe parents are the primary educators of their children. Therefore, it is your right and your duty to become the primary role models for the development of your child's life---physically, mentally, spiritually, emotionally, and psychologically. Your choice of St. Paul Early Learning Center involves a commitment and exhibits a concern for helping your child to recognize God as the greatest good in his/her life.

Good example is the strongest teacher. Your personal relationship with God, with each other, and with the Church community will affect the way your child relates to God and others. Ideals taught in school are not well rooted in the child unless these are nurtured by the example of good Catholic/Christian morality and by an honest personal relationship with God in your family life.

Once you have chosen to enter into a partnership with us at St. Paul Early Learning Center, we trust you will be loyal to this commitment. During these formative years, your child needs constant support from both parents and faculty in order to develop his/her moral, intellectual, social, cultural, and physical endowment. Neither parents nor teachers can afford to doubt the sincerity of the efforts of their educational partner in the quest of challenging, yet nourishing, the student to reach his/her potential. Evidence of mutual respect between parents and teachers will model good mature behavior and relationships.

Together, let us begin this year with a commitment to partnership as we support one another in helping your child to become the best person they can become.

Parents as Partners

Parents are the prime educators of children, and it is St. Paul Early Learning Center's task to assist them in this work. St. Paul Early Learning Center recognizes the differences in students' abilities and potential, and therefore strives to develop:

- Basic Christian attitudes and values
- A strengthening of character
- Integrity through self-discipline
- A desire for personal achievement and life-long learning
- A reverence for oneself, others, and all creation

If this should happen, you will receive at least two weeks' notice in order for you to make other arrangements for your child's care.

Center Policy for Addressing Local Issues

The Diocese of Jackson, in concert with the Office of Catholic Education and SCHOOL NAME School, seeks to resolve concerns and complaints of students and parents whenever possible.

The most efficient and timely way to resolve such issues remains at the level of issuance.

1. Parents/students must first notify the center official wherein the conflict lies (i.e., teacher, teacher assistant, etc.).
2. If there is no resolution at that level, the parent/student should speak with the Director, who will make every effort to obtain a solution.
3. Still, if the concern has not been resolved at the administrative level, the parent/student should contact in writing the pastor or canonical administrator for the school. SCHOOL NAME's canonical administrator is Canonical Administrator's Name.
4. Finally, If the avenues described above have not yielded a resolution, parents should contact the Office of Catholic Education via email at education.office@jacksondiocese.org. Please be prepared to include the policy or procedural violation in the email.

Health and Wellness

Please call the Learning Center if your child will be absent or **send a Remind message to the teacher.**

If a child becomes ill, parents are asked to come immediately for the child. Parents are asked to keep children at home if illness is suspected.

If a child has a fever, diarrhea, vomiting, or flu like symptoms, please keep your child home for twenty-four hours symptom free. If your child has a contagious illness, please bring a doctor's excuse that clearly states when the child may return to daycare.

St. Paul Learning Center reserves the right to request that a child be examined by a physician for any illness that may be contagious to others.

If your child has a communicable disease, the Center should be notified as soon as possible. Upon the child's return, the Center must have a statement from the doctor stating that the child is no longer contagious and can return to day care. The child must be FREE of symptoms like fever, (without fever-reducing medication) diarrhea, etc. for 24 hours before returning to the center.

If your child has a temperature of 100.4 degrees, you will be asked to come get your child. If a child has a loose stool or if the director/assistant director deems it necessary, you will be asked to come get your child.

CONTAGIOUS CONDITIONS LIKE LICE, PINK EYE, RINGWORMS, IMPETIGO, etc

Contagious conditions such as head lice, pink eye, ringworms, impetigo, etc, require treatment before the child will be allowed to return to the Center.

If you find lice in your child's head, please call the Learning Center **before** returning to school.

Pandemics

The health and safety of our students, faculty, and staff is a top priority. In the event of a pandemic, such as the coronavirus disease of 2019, the administration works in consultation with the Diocese of Jackson Office of Catholic Education to determine the necessary actions regarding the closure and/or reopening of the Center. Center and diocesan administration makes decisions relating to school environment and procedures in consideration of state and local government directives, as well as recommendations and guidelines issued by the Mississippi Department of Health and the Centers for Disease Control and Prevention (CDC). A task force, comprised of persons representing parents, educators, business, legal, and medical professionals, sets forth the requirements and procedures to be followed.

Allergy Policy

Any food allergies must be noted on the enrollment form completed by the parent on FACTS. All immunization policies of the Mississippi Department of Health are strictly enforced.

Medication Policy

St. Paul Learning Center staff, with written permission from the parent will:

- Give one (1) breathing treatment per day, per child.
- Administer over the counter anti-gas medication and teething medications to infants.
- **Use EpiPen as needed.**

Behavioral Expectations

Discipline is a form of guidance. Its purpose is to help the child learn acceptable behavior through understanding rather than force. The child's age, intelligence, emotional make-up, and his/her experience will be considered when re-directing and guiding the child's behavior. Encouragement and praise of good behavior will be used.

If a child's behavior is endangering himself/herself or others, teachers will ask the child to go to the "quiet corner" until the child has gained his/her self-control, or the teacher may ask the director/assistant director for help to walk the child to the Learning Center Office to talk and/or calm down.

If a child is removed from the group in the classroom for disciplinary reasons, he/she will always remain within sight of a staff member.

Behavior guidance for individual children can include the following measures:

- Positive guidance in the form of encouragement, choices, directions that are brief, a quiet, confident voice, or redirection are utilized.
- Informal discussions with parents or guardians about ways to encourage positive behavior at school and at home.

A "Voice Chart" will be implemented this year. This is part of the Conscious Discipline philosophy.

0 - Quiet. Mouth closed.

1 - Whisper

2 - Talk

3 - Loud (outside)

We also remind children: Be safe. Be neat. Be kind.

We will try all means to work with you and your child to encourage positive behavior and to protect the safety of your child and others. If any child's behavior endangers the child or others, we will institute the following if there are:

- Three or more documented incidents of violence toward other children
- Three or more documented incidents of violence toward adults
- Three or more documented incidents of self-endangerment behavior

Parents will receive written notification at the time of the incident. After the third incident, the St. Paul Early Learning Center will send a written request to the parent requesting a mandatory meeting with the teacher and director to discuss referral to First Steps Early Intervention Program or an alternative.

Based on the First Steps' assessment and input from the St. Paul Early Learning Center staff, a plan will be developed and implemented. If the Center is unable to successfully meet the child's needs, a written notice to the parent, signed by teacher and director, recommending a transfer to another school that would better serve the needs of the child will be given. Two week's notice will be given to the family.

Center Safety

Children always have adult supervision.

No photographs will be made of a child, except by Center staff for instructional or public relations purposes, without written authorization by the parent or guardian.

The Center will comply with all applicable state and federal laws regarding suspected abuse and neglect of a child.

Center staff will not divulge information about the health, development, residence, or family of a child to any non-center employees without the permission of the parent or guardian.

Emergency Procedures

If an emergency were to occur and St. Paul Early Learning Center needed to evacuate, we would relocate to Highland Bluff Elementary School, 5970 Highway 25, Brandon, MS 39232, (across the street from St. Paul Learning Center) or Circle of Friends, 602 Luckney Road, Flowood, MS, 39232.

Incllement Weather

In case of inclement weather that necessitates early dismissal and/or center closure, St. Paul Early Learning Center will follow the Rankin County School District Emergency Plans. The Learning Center may also close at the Director/Assistant's Discretion if necessary. We will contact parents through text, telephone and/or email if it is necessary to close the Learning Center. We will also post information on Face Book and our website. We also use Remind to send out texts in an emergency.

Children should not bring food or drink from home into the St. Paul Early Learning Center in the mornings. The monthly menus are posted on the bulletin boards in the classrooms and in the cafeteria. - You may supply refreshments such as cookies, donuts, or individual ice cream cups. **Please do not send cupcakes.** Birthday treats must be **store bought** with the ingredients listed.
- Invitations to a party outside the school must be given to all the children in the class or if it is a girls' party, all the girls must be included, a boys' party, all the boys.

Curriculum

St. Paul Early Learning Center will implement a new curriculum beginning June 2023. Frog Street uses early brain development research as the framework for instruction. It offers strong daily routines that develop key social and emotional skills. It balances intentional instruction with child-directed play and values individual differences. Frog Street provides comprehensive, integrated, thematic activities in all domains. It encourages caregiver and child interactions to develop rich oral language and vocabulary as well as strong social and emotional connections. Frog Street also provides materials and strategies for maintaining healthy parent partnerships and professional development. Most of all, the program embraces the joy of learning.

Annual Promotion to new groups/teachers

St. Paul Early Learning Center begins a new school June 1st. Most children stay in the same classroom until the school year ends the following May. Sometimes children move up during the school year as openings become available.

General Information

St. Paul Early Learning Center Advisory Council

Regular meetings of the St. Paul Early Learning Center Advisory Council are held on the third Wednesday of the month. The Council operates under the policies in the Diocesan manual. It is a consultative council.

The Council consists of the pastor, representatives from St. Paul Catholic Parish and parents of children who attend the Center. St. Paul Early Learning Center children in the two-, three-, four-, and five-year-old classes take one field trip each year. Parents provide transportation and must accompany their child on the field trip. St. Paul Early Learning Center does not provide care on the morning of the field trip if a parent chooses for his/her child to not attend the field trip.

of young children. We never criticize or punish children for toilet accidents.

We help children with toileting and toilet accidents without talking about the accidents. For example, we might say, "Johnny, let's get some dry clothes now," instead of "Johnny, you've

wet your pants! We have to change your pants right now!'
